

## *Thank you to our 2011 Sustaining Fund supporters!*

On behalf of the American Academy of Dermatology and its Development Committee, thank you to those who have made Sustaining Fund contributions in support of AAD humanitarian, public awareness, leadership building and educational programs in 2011.

The Sustaining Fund supports the Academy's mission-driven philanthropic initiatives. These critical programs allow us to:

- Provide more schools and communities with shade structure grants, shading more than 558,500 individuals each day
- Send nearly 350 children to AAD Camp Discovery, a life-changing experience for young patients
- Build more dermatologic leaders through the Leadership Institute, which includes mentorship programs and the Leadership Forum
- Reach more people with the Academy's potentially life-saving message of sun safety, delivered more than 188 million times through PSAs
- Facilitate dermatologic education and research, which has allowed for two Young Investigators in Dermatology awards to be conferred at the 2012 Annual Meeting

## *Thank you for Furthering Excellence in Dermatology... Today and Tomorrow*
